

Position Description for Commercial Distributing Driver

Duties:

- **Driving:** The job consists of driving a beer truck to establishments that have placed orders for beer and other alcoholic products. Drives truck in a safe manner, always wearing safety belt. The driver may or may not have a helper.
- **Delivery:** The driver is given a route to follow. At each location, the driver will be required to accurately deliver products that correspond with that accounts invoice(s). The driver will unload the cases of beer weighing up to 40 lbs, barrels of beer weighing up to 170 lbs and move them to the storage area for the establishment. In many cases, the storage area is in a basement and or upstairs. The driver uses a wheeler to transport the products down/up the stairs and into the storage area. Representing Commercial Distributing in a professional manner.
- **Removing Product:** Establishments that have empty cases or barrels will need the driver to remove all empties and place those on the truck to be taken back to the company warehouse.
- **Product Rotation:** When placing the new product in the storage area, the driver must place the older product in front of the newer product, which means moving the barrels and cases of older product around the storage area and placing the new product in the back or on the bottom.
- **Invoice and Payment:** The driver will have the invoice signed by the person at the establishment checking in the order. The driver will be required to follow the policy regarding COD payments.
- **End of the Day:** The driver will return to the warehouse at the end of the run. The truck cab will be cleaned out. The driver will remove and store empty barrels or cases of beer returned by the customers in the proper locations in the warehouse and top off case pallets.
